

TO WHOM IT MAY CONCERN**UNDERWATER WORK AQABA**

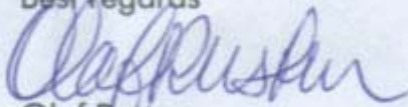

Alcatel Kabel Norge AS has installed 4 new power cables and 2 new fibre optic cables between Taba in Egypt and Aqaba in Jordan during 1997 and 1998. Diving Contractor JORDAN FROGMAN from Aqaba supported under water assistance during all project. This work consisted of assistance during survey, removal/transplantation of corals, underwater trenching, cable installation, installation of rockfilled gabion mattresses, installation of steel security nets in coral reef walls and video / photo work.

MR. HASHEM AL-SHAMAILEH is the Managing Director of Jordan Frogman and he participated in this project for 18 month. He worked as diver supervisor and was in charge for most of the diving operations during this project. He speaks English well and carried out this work to our complete satisfaction.

Alcatel Kabel Norge A/S will hereby thank JORDAN FROGMAN and Hashem Al-Shamaileh for outstanding work during this project.

Oslo 29th of June 1999.

Best regards

Olaf Rusten

Operation manager
